WANT A CAREER IN CONSTRUCTION?

KINGS CROSS CONSTRUCTION NEWS

MANAGEMENT & ENGINEERING TRAINEE SCHEME

Closing date Friday 14th May 2022

We are looking for motivated individuals to join the Management Trainee programmes for a high-profile Construction Company. This is a great step for those wishing to develop a career in this exciting industry. No previous construction experience is required! All they need is a passion for construction and the positive impact it has on communities. The company offer three routes into the business and both programmes are 2/5 years in length.

- The Commercial Graduate Trainee programme is designed to help QS graduates to become a chartered Quantity Surveyor
- The Civil Engineering Graduate Trainee programme is an important step towards becoming a Chartered Civil Engineer.
- Civil Engineering degree apprenticeship programme is designed to provide the trainee with all the experience, training and support they need to work towards becoming a Civil Engineer.

Criteria

- A genuine passion to work in the construction industry
- Motivated to manage and drive own development
- Understanding of excellent customer service
- A willingness to travel is a critical requirement of the role
- **College leaver, will need a minimum of 8 GCSEs (or equivalent) including a grade B in Maths and English and 2 A levels at grade A-C**
- **Graduate, will need at least a 2:1 in your degree (Engineering / QS / Commercial Management discipline) and a minimum of a grade B in Maths and English GCSE**

Salary £22k - £25 dependent on experience
Priority is given to Camden & Islington residents
